

# BANKWEST CURTIN ECONOMICS CENTRE (BCEC)

## Collaboration, Impact + Engagement

The BCEC's core mission is to deliver high quality, accessible research that enhances our understanding of key economic and social issues that contribute to the wellbeing of West Australian families, businesses and communities.

The Centre's research and engagement activities are designed to influence economic and social policy debates in state and Federal Parliament, regional and national media, and the wider Australian community.

By bringing together experts from the research, policy and business communities at all stages of the process, BCEC's research is relevant, fit for purpose, and makes a genuine difference to the lives of Australians, both in WA and nationally.

BCEC Principal Research Fellow Associate Professor Rebecca Cassells answers an audience question at a BCEC launch event, alongside BCEC Director Professor Alan Duncan and WGEA Executive Manager Engagement Ms Jackie Woods.
